Proudly Coordinated by:
Nokiwin Justice Committee

Kinna GaaMaa Moo-skaamen

As part of Nookiiwin Tribal Council's ongoing commitment to our member First Nation communities and their journey toward restorative justice, we have begun a revitalization initiative with the intent to reclaim Indigenous legal traditions and strengthening justice for our First Nation communities.

In conjunction with this initiative, the Nookiiwin Justice Committee has organized this three-day Elder & Youth Gathering. Throughout this gathering, Elders will have the opportunity to share their traditional skills and knowledge through a series of interviews and discussions all while interacting with the youth.

It is a time for all of us to come together on the land and enjoy each other's company while learning & sharing.

We have a historic opportunity to move towards restorative justice by empowering our people and reclaiming our communities.
